

LAVO BOT™

PRODUCTIVE ROBOTS, EMPOWERING PEOPLE

LAVO BOT™

EVERY JOB SHOULD BE EASY, SAFE & DELIVER CONSISTENT RESULTS.

Lavo Bot, the robotic surface-cleaning pressure washer, makes the hardest jobs easy. Amid labor shortages, Lavo Bot reduces manual strain, helps retain staff, and maintains consistent schedules. It operates faster and more efficiently than traditional pressure washing methods, allowing your business to complete more jobs in less time. Experience a new standard in surface pressure washing with Lavo Bot.

WHY CHOOSE LAVO BOT?

Enhances Operational Efficiency:

With easy-to-use controls and quick setup, Lavo Bot boosts productivity, improves efficiency and delivers uncompromised results.

Helps Address Labor Challenges:

Lavo Bot makes hard work easier, reducing worker fatigue and improving efficiency while helping to attract and retain staff keeping you ahead of your competition.

Consistent Performance:

Get consistently high-quality results with every use. Lavo Bot ensures your standards are met every time you clean.

FAST & EFFICIENT PERFORMANCE

Covers up to 800 sq. ft. in six minutes. Rechargeable 56V lithium battery with 2+ hour runtime, is drop and weather-resistant, and charges in 45 minutes for quick turnaround.

EASY & INTUITIVE OPERATION

Quick onboarding with easy-to-use remote control to simplify every job.

360° TURNING & BIG COVERAGE

24" Deck Size for a wider cleaning path makes big jobs easier. The 360° radius improves cleaning efficiency with fewer overlaps.

HIGH PRESSURE CLEANING

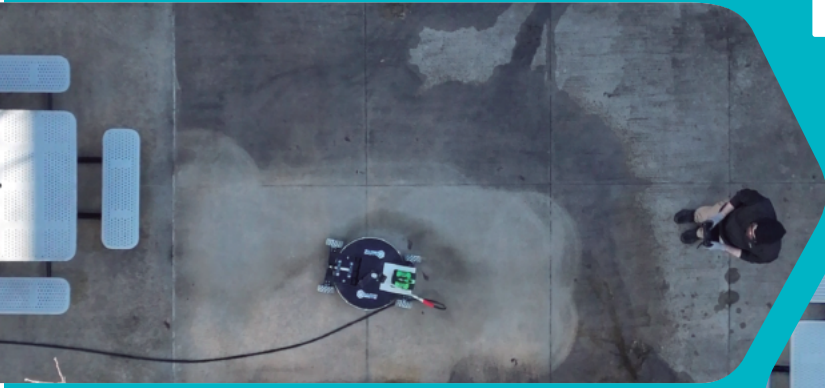

4,500 PSI and Hot/Cold Water up to 12 GPM with more pressure for better & more effective cleaning.

LAVO BOT™

AFTER

ASK A CUSTOMER

“The Lavo Bot is going to change exterior cleaning. It’s going to change how we maintain properties. I know that I can put this out in front of the buildings and it will get the job done without putting strain on my team.”

Dave Greco | SR. Manager Corporate Services
ACN Concord, NC

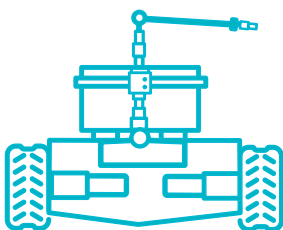

THE LUCID BOTS DIFFERENCE

Why Shift to Robotics?

Adopting robotic cleaning means tackling the tough jobs more efficiently. Robots do the same job consistently everytime, on time, and are ready to go under almost any condition.

Why Shift Now?

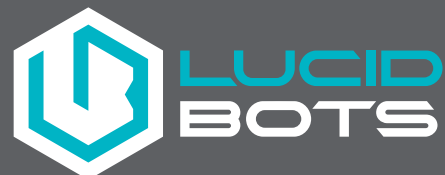

With the current challenge in the labor market, introducing robots in 2024 is an effective strategy to keep your operations smooth and your team focused. It’s about staying competitive without sacrificing safety or quality.

Why Lucid Bots?

Partnering with our industry leading team at Lucid Bots, the 3rd fastest-growing company in Charlotte, NC, means getting top-tier, US-built robotics that handle the tough jobs, backed by excellent customer service and in-house manufacturing. At Lucid Bots, we believe in "Productive Robots, Empowering People."

“The Lavo Bot is a game-changer—it’s safe, easy to use, and the results are amazing! With Lavo, I don’t have to watch a crew of students bust their backs anymore, and I know I’ll be able to always find someone willing to do the job with this, which is a big relief.”

Matt Rutkowski | HRL Project Manager
UNC Charlotte | Housing and Residence Life
